This 40% London Dry Botanical Gin is a result of over 300 years of expertise and tradition and an ode to Sir Francis Chichester's solo voyage around the world in Gipsy Moth IV.

THE BOTANICALS

Made with a carefully selected blend of botanicals, including bold juniper berries, aromatic coriander seeds, earthy angelica root, and a touch of sweet licorice, this drink has been made for sailors and lovers of gin all around the world.

TASTING NOTES

Crystal-clear in color, it offers a vibrant aroma of fresh juniper with subtle floral notes. On the palate, a perfectly balanced medley of spice, coastal earthiness, and a hint of sweetness delivering a clean and crisp finish.

YOUR MOMENT, YOUR SERVE

Gipsy Gin is ideal for classic cocktails or enjoyed simply with tonic and a twist of citrus.

A story that still sails.

In 1966, Sir Francis Chichester sailed out of Plymouth aboard Gipsy Moth IV. One man, one yacht and an extraordinary journey around the world.

With a single stop in Sydney, his route took him around Cape Horn and home to Plymouth on 28 May 1967. The voyage became an enduring story of determination and ocean adventure.

Inspiring pioneers and explorers

Proceeds of the gin sales support the upkeep of Gipsy Moth IV and the promotion of sailing.

Restoration, maintenance and keeping a historic yacht sailing are continuing commitments. Gipsy Gin connects the pleasure of a well-crafted spirit with the future of the vessel that inspired it.

That support also embraces World Sailing Day on 28 May : a chance to share the heritage and to inspire the new generations of pioneers and explorers.
